## Collision Cuts Truck In Two Parts

Randy Morrison, 18, a young Calloway County man is still in serious condition at the Benton Municipal Hospital after being critically hurt last Friday, September 23, in a truck-train collision.

The truck Morrison was driving collided with an L & N freight train engine at the intersection of the railroad and U. S. Highway 641 near the north end of Benton. Morrison jumped from the truck before the collision. The truck was cut into two parts.

Morrison has burns about the body, fractured ribs, and internal injuries. Henry Richerson of Aurora is the owner of the truck.

Elder Paul Poyner is the moderator.

Friends are cordially invited to attend these services.

## Burning Law Is Effective Oct. 1

The Kentucky Division of Forestry Fire Control for the Western District reminds Kentucky residents that beginning October 1 and continuing until December 15, 1966 the 5:30 burning law is in effect.

The law briefly states: No burning shall be done within 150 feet of timberlands, brush, etc.) capable of spreading fire to timber between the hours of 4:30 p. m., and 12:00 midnight.

As before, the Division of Forestry will issue citations for illegal burning. Should you be in doubt if the burning is within the law, contact Ranger Russell Wilson for Marshall County at 362-4603, if the ranger cannot be contacted call the District Office at Mayfield, 247-3913.

4-C PL Danny Rudd of the Marine Corps who has been serving for several months in Viet Nam is visiting his grandparents, Mr. and Mrs. Dan Lee, and uncle, Kermit Lee, on Benton Route 4.

## School Officials Meet in Frankfort

The Benton and Marshall County school superintendents met in Frankfort last Thursday with Governor Breathitt, Mr. Luckett and Mr. Joiner, Department of Revenue, Mr. Melton and Mr. Alexander from the Department of Education and Attorney General Robert Matthews, to discuss the recent increase required by the state for these school districts to participate in the Foundation Program.

As stated earlier in this paper, the Marshall County School system will have to furnish \$59,000.00 more locally this year, and the Benton City schools increase is \$13,000.00 more.

As the results of this meeting and applying a ruling in the Foundation Program where no school district can be required to put up more than ten per cent (10%) of the previous year plus growth, the Marshall County school system will receive approximately \$29,000.00 additional money and the Benton City school will receive approximately \$2,500.00 additional money.

The superintendents stated that this additional

## P. Copeland Pres., Benton Library Club

The Library Club at Benton High School elected officers Tuesday, September 27, for the coming year. They are: Paulette Copeland, president; Linda Lee Hill, vice president; Betsy McClain, secretary; Elaine Downing, treasurer; and Marilyn Willett, publicity chairman.

## It's New Auto Time In Benton

It is new model time for the automobile dealers in Benton, and they have gone all out to make their occasion as festive as possible.

Benton automobile dealers are a strong factor in the economy of Marshall County; they have many different models and styles on display in their show rooms.

The new car dealers have gone to a great deal of expense and time in fixing up, painting up, getting ready for the showing of their new automobiles.

You are urged to look through this week's Tribune, read the dealers' advertisements, see the illustrations of their new products, and go visit the dealers' show rooms; all of them will be happy to see you and explain the new improvements on the 1967 models.

## Rev. Paul Dailey To Preach Sun.

Reverend Paul Dailey, evangelist who is now living at his home in Hazel, will preach at both morning and evening services at the First Baptist Church in Benton, Sunday, October 2. The congregation invites the public to hear this outstanding minister.

## NOTICE

Come out and enjoy delicious hamburgers, homemade pies and cakes in our new, modern cafeteria.

## Calvert Jaycees Set Roadblocks

The Calvert City Jaycees will set up roadblocks in Calvert City and the Kentucky Dam area Friday and Sunday, September 30, and October 2, to collect donations for the Kentuckiana Center for Education, Health and Research.

Donations will also be received by mail. They should be sent to Calvert City Jaycees, in care of Bill Nipp, Box 403, Calvert City. The board of directors of the Kentucky Jaycees has approved a proposal to help the center finance its program at a summer meeting in Covington.

The center is a clinic and school for mentally and physically retarded children. It is a nonprofit institution, chartered by the state of Kentucky, and has been in operation since 1957.

## 4-H Club Week

The nation's 4-H youth will be in the headlines this last week of September as they launch National 4-H Club Week.

'Four' spoken or written words will be repeated many times because it symbolizes the club's emblem: its head, heart, hands and health credo; and designates that 4-H is for boys and girls.

It occurred to us that there also are four choice words which bear repeating: Encourage, Recognize, Influence, Report. For it seems to us that the entire 4-H program is built around these four words.

Youngsters not affiliated with 4-H are encouraged to join. Current 4-Hers are encouraged to continue membership, thereby to steadily expand their knowledge and skills. Recognition is given to the 2½ million 4-Hers for jobs well done, projects completed and junior leadership, to name a few. The influence of 4-H is acknowledged by parents, volunteer leaders, Cooperative Extension men and women working with youth, by business and government officials and educators. During National 4-H Club Week, members make a report of individual achievement, progress, success (and some failures). Also a team of 11 4-H reporters to the nation are winding up cross country tours and personal appearances as living examples of 4-H in action.

We would like to add our encouragement, recognition, influence and reporting through the pages of The Tribune-Democrat.

## Murray C. Music Membership Dr.

The annual membership drive of the Murray Music Association is being held this week, with headquarters in the Bank of Murray, according to Mrs. James C. Hart, campaign chairman. Mrs. Lalah Ely of Benton is assisting with the drive.

Three of the concerts on the Murray series will be: The American Folk Ballet, October 23; William Warfield, December 5; The Chamber Symphony of Philadelphia, January 23.

All Murray concerts are presented in the University auditorium, admission is by membership card only and should be secured during campaign week.

Membership dues are \$7.50 for adults and 4.00 for students. Interested persons should mail their remittance to Murray Civic Music, Bank of Murray, Murray, Kentucky, before the campaign closes on Saturday, October 1, or contact Mrs. Lalah Ely in person. For further information telephone Murray 753-7350, collect.

## Kentucky Judges Crack Down On Traffic Cases

The odds have risen to just above three to one that you will be convicted if arrested or cited by Kentucky State Police on a traffic violation charge, the State Public Safety Department reports.

The average conviction rate for all judges in Kentucky handling such State Police cases rose to 76 per cent for the three-month period of April, May and June, officials say.

This is an all time high for any quarter year, up from 73 per cent, the previous record, during the first three months of 1966. For the first six months of the year, the rate was 74.5 per cent.

Public Safety Commissioner Glenn Lovern praised the record, pointing out the rate had steadily climbed from a low of 59 per cent, set some years ago. The rate for all 1965 was 66 per cent. The yearly high was 67 per cent, established in 1964.

Lovern commented: "The rising conviction rate demonstrates the court officials more and more are recognizing their responsibility in this problem area, and that there is better preparation and handling of such cases."

The courts' record, he said, "provides great encouragement to law enforcement officers, confronted with rising traffic accident and death rates and striving to curb traffic law violations."

Kentucky's traffic death rate is running over 100 ahead of that for the comparable 1965 period. In all, 916 persons were killed in 1965 traffic accidents, an all time high.

## Republicans To Have Meeting At Court House

There will be a Republican meeting Friday, September 30, at 7:00 p. m. at the court house in Benton.

All friends of Senator John Serman Cooper are invited to attend. Speaker will be Max Hurt of Murray who will speak on behalf of Senator Cooper.

Donna Krieman of Chicago, Illinois is visiting L/CPL Danny Rudd at the home of his grandparents, Mr. and Mrs. Dan Lee, Benton Route 4.

Senior Master Robert W. Long (left), son of Mr. and Mrs. George W. Long of Hardin Route 1, receives the U. S. Air Force Commendation Medal at Kadena AB, Okinawa, from Major General Jay T. Robbins, commander, 313th Air Division. (U. S. Air Force Photo)

Sergeant Long received the medal for meritorious service as a weapons and munitions inspector at the Shaw AFB, S. C. He was cited for his outstanding professional skill, knowledge and job proficiency.

A graduate of Sharpe High School, the sergeant served in the South Pacific Area during World War II. He is a veteran of the Korean War.

Sergeant Long's wife, Annette, is the daughter of Mr. and Mrs. Ruben Pois of Glendale, California.

## County-Wide Meet Slated For Tuesday

## Civic Clubs And Individuals Pay For Heart Machine

The Electrodyne Heart Pacemakers and Defibrillator was purchased from the generous donations of individuals and civic clubs of Benton and Marshall County.

The Heart Machine, as it is better known, is used to monitor the heart beat of the individual. The machine is so built to automatically alarm if the patient's heart should stop beating. At the same time, the machine will make electrical impulses to the heart at measured intervals in order to stimulate the heart muscle and to continue its beating.

The Cardiac Defibrillator, being a separate unit, must be used as a last resort in order to stimulate the heart muscle of a patient near the point of death. This unit is capable of delivering a large voltage required to stimulate the heart.

The hospital staff and medical staff are quite proud of this machine because of its effectiveness in saving the lives of heart patients, and each one of them would like to extend their gratitude to those who contributed to the Heart Machine Fund.

Costing \$2,730.00 and consisting of 36 contributions, the list of contributions as they were recorded are:

The Benton Rotary Club \$315.00, Lou Dora Edwards 5.00, Mrs. Herman Hammer 5.00, W. H. Cann 5.00 Mrs. Mae Holmes in memory of her husband 5.00, Charles and Betty Overby 5.00 in memory of Holland Bryan 5.00 Quality Construction Co. 50.00.

Mrs. Fred Filbeck in memory of her husband \$500.00, Mary Jo Lassiter in memory of mother and father 5.00, Men's Bible Class, Senior Ladies' Bible Class, Women's Society of Christian Service of the First Methodist Church in memory of Mrs. J. W. Fowler 25.00, Mrs. Homer Solomon in memory of Jack Darnall 25.00, Neal Tolbert 25.00.

Robert L. Ross \$10.00, Bank of Marshall County 50.00, Otto and Lillian Cann 100.00, Mr. and Mrs. J. E. Hodge 50.00, Joe Tom Halton 25.00, Marshall County Medical Society 375.00.

James T. Kinney \$10.00, Frank Beauregard 5.00, Mrs. William Kuykendall 10.00, Mr. and Mrs. Glen Ely 10.00, Town and Country Garden Club 300.00, Mr. and Mrs. Joe R. Devine 15.00.

Mrs. Lois Chumblor of Benton visited children and relatives in Berkley and Hazel Park, Michigan, Friday of the past week.

Tuesday, October 4, is the big day for the 'Community Forum', the first county-wide meeting for farmers, laboring people, civic leaders, professional and business men from all sections of Marshall County to sit down together and plan a workable program for the potential growth of the county that lies just ahead.

R. W. (Dub) Wilkins, director of member relations of the Kentucky State Chamber of Commerce, will be on hand to join in

the discussion and planning. It is emphasized by Charles Manley, executive vice president of the Marshall County Chamber of Commerce, that "this is not a membership drive or money raising project and that the men should bring their wives."

Tickets for the dinner meeting which starts at 6:30 p. m. at the North Marshall County High School may be obtained for \$1.75 each at local chamber office in Draffenville or from any member of the Marshall County Chamber of Commerce; they may also be purchased at the door of the meeting.

Bud Herde, president of the local chamber, said "an urgent need for solid planning by the citizens of Marshall County has presented itself and it is very necessary to find a program to achieve our goals. Each citizen should make it their duty to help make this a more progressive community."

## Scout Leader Training Sunday

Training courses for Cub Masters, Den Mothers, assistants and committeemen of the Chief Chennubby District, Four Rivers Council, and Boy Scouts of America will be held Sunday afternoon, October 2, in the First Methodist Church, Benton, starting promptly at 2:00 p. m. The sessions will be 'Planning the Cub Scout Program', 'The Pack Meeting', 'The Den Meeting'. It is important that all Cub Scout leaders be in attendance for this required training.

Training for Scoutmasters, Assistant Scoutmasters, and Committeemen will be given at the same time and place. Their courses will be: 'The Boy Scout Program', 'The Patrol Method'. These courses are required under the new training plan for leaders of Boy Scout Troops.

## Contract Let For Science Building At Murray State

Contracts were signed on Monday for construction of a \$2.4 million addition to the Science Building at Murray State University.

The 88,000-square foot addition, which will have four floors and a basement, will be erected north of the existing science facility and connected to it. It will be larger than the present 55,000-square foot building, which was first used in 1950.

Dr. Ralph H. Woods, president of MSU, said work on the structure will begin within 10 days and is expected to be completed in about 18 months.

Winning bids on the project, including mechanical and electrical work, amounted to \$2,409,315. About one-third of the money will come from a federal grant under the Higher Education Facilities Act of 1963.

Other financing was arranged through a federal loan and the sale of university bonds.

The general contract was awarded to the J. A. Hill-Charles E. Story Construction Co., of Benton. Mechanical work will be done by James Smith Associates of Louisville. Low bidder on the electrical work was Beltline Electric of Paducah.

Costs of air conditioning and refacing the old Science Building, so that its appearance will resemble the new construction, are included in the \$2.4 million figure. Not included is about \$343,000 worth of scientific equipment and furniture which will be installed by the university.

## Benton Hospital Hires S. D. Loyd As Administrator

S. D. Loyd, administrator of the Salem, Kentucky Hospital for the past six years, has been named the new administrator of the Benton Municipal Hospital. The announcement came from Hospital Board Chairman Joe Williams who said the selection was made unanimously. Other members of the Benton Hospital Board are Leonard Jones, Curt Holmes, Darrell Cope, Herbert Hurley, Harvey Selwitz, and Dr. Ray Moffield.

Mr. Loyd replaces Eugene Cowsett, who resigned effective August 26, to take over the hospital in Metropolis, Illinois.

A successful businessman before taking on the hospital post at Salem, Mr. Loyd retired after serving 28 years in various management positions with the Aluminum Company of America. He and his wife, Beulah, have bought a home in the Greenhill section of Benton and will move next week. They are the parents of three children who are all married and living elsewhere. Loyd took over the Salem Hospital six years ago when it was in financial difficulty and put it on a paying basis.

The board also named John Chambers as assistant administrator. John, a native of Marshall County, has been on the staff since February 1, 1964 as an X-ray technician. He also shared in helping Cowsett with Don Kronmiller, medical technician. Chambers did his college work at Paducah Junior College and received his X-ray training from the Louisville General Hospital Division of the University of Louisville. He has also worked at Western Baptist Hospital in Paducah, Chambers and his wife, Gayle, reside on Route 3. They have one son, Kelly, age 2.

### TOLL REVENUES CONTINUE UPWARD

Revenue from Kentucky's highway toll facilities topped \$1 million for the second month in a row in August, Commissioner of Highways Henry Ward has announced. Receipts of \$1,094,564 showed an increase of more than \$310,000 over receipts in August of last year.

The Blue Grass Parkway accounted for \$231,768 of this increase. The Parkway was opened to toll traffic on October 27, 1965.

In Jefferson County, \$20,810 was collected at the Outer Loop ramps and \$7,352 at the Fern Valley ramps on the Kentucky Turnpike.

Gross receipts of the toll facilities for August of 1966 and 1965 in that order, as reported by the Department: Shawneetown Bridge — \$34,363 and \$32,775; Kentucky Turnpike — \$423,754 and \$433,904; Mountain Parkway — \$127,740 and \$11,290; Western Kentucky Parkway — \$276,939 and \$206,248; Blue Grass Parkway — \$231,768 in August 1966.

## Look what's happening at Mercury!

### Mercury unleashes Cougar!

Untamed elegance! America's first luxury sports car at a popular price.

This is the day of the Cougar. An entirely new kind of driving machine from Mercury.

Mercury Cougar is a true luxury car. With an ice-cool elegance. With a European flair and thrust to its styling. With a roomy, full-width rear seat! With standard features found, until now, only in expensive cars. Examples:

Concealed headlamps are standard! They hide by day and, cat-like, open at night.

Inside, vinyl-covered bucket seats, cushioned with molded foam, are standard! Wall-to-wall deep-loop carpeting, standard! 3-spoke steering wheel, standard!

And in a car this luxurious, you'd expect a V-8 engine. Cougar has it. A 289

cu. in. V-8. Compression ratio: 9.3:1. And it uses regular fuel.

When we say Mercury unleashes Cougar, we mean it. Cougar is a superb sports car. It moves on cat feet. Tracks true. Rides smoother, quieter.

The price! Less than you'd

expect. At previews, people have overguessed by \$1,000! We believe Cougar is the best-equipped luxury sports car for the money.

And at Cougar's price, you can indulge yourself in such better-idea options as: Styled steel wheels. 4-speed

stick or "Mr. and Mrs." Select-Shift Merc-O-Matic that lets a man run it through the gears... lets his wife leave it in automatic. Also a 4-barrel Marauder 390 GT V-8. Vinyl-covered Oxford Roof. Sports Console.

Also: Tilt-Away steering wheel. Power disc-brakes up front. A finger-clip speed control mounted on the turn signal lever. But first See Mercury Cougar. Untamed elegance. At your Mercury Man's, your Mercury dealer's.

Cougar excitement runs through the whole Mercury line. See all 28 models. See your Mercury dealer listed at right.

### Telephone Talk

TOM BREWER  
Your Telephone, Mgr.

IN THE LATE PART OF THE NINETEENTH CENTURY THERE WERE TWO KINDS OF "WIND-UP" phones... the telephone, and the gramophone. You had to wind them both up to listen to them. What a long way they've both come since then! The "gramophone" has become today's hi-fi stereo with its amazingly true sound reproduction. And the telephone? Well, today we have direct distance dialing... many special phones for handicapped people... and an amazing network of telephone communications that lets you reach even remote parts of the world. Progress... it's wonderful!

ON HER FOURTH BIRTHDAY, a little girl came running into the house and said expectantly "Mommy, did I get a phone call?" Mother, a little surprised said "Why no, were you expecting one?" "Well no," said Miss Grown-up, "But I'm four years old now, so I think it's about time somebody called me up!"

Isn't it about time you called somebody. Somebody in town... or out of town. A friend, a relative. There must be lots of people who would love to hear the sound of your voice. Now.

### KITCHEN COMMENTS...

Many recipes call for grated orange and lemon peel, but you don't always have it available when it's needed. Try freezing orange and lemon peel... keep it till it's needed... then grate for instant use.

Ever burn your fingers trying to light birthday candles with a short match? Use a long waxed drinking straw instead!

Another suggestion: good cooks appreciate kitchen extension phones for on-the-spot calling and answering!

## JUDGES ANNOUNCED FOR ESSAY CONTEST

Billy Morgan, president of the Benton Lions Club has announced the judges for the local entries in Lions International's Peace Essay Contest.

Mr. Morgan named Dr. Ray Mofield, Assistant to the President of Murray State University; Dr. Mildred Hatcher, Professor of the English Department, Murray State University and Dr. James Hayes, Professor of the English Department, Murray State University.

They will determine the club's entry in the International Contest. The Contest is open to all young people of Benton, Marshall County and surrounding areas, who are 14 years of age and under 22 as of

January 15, 1967.

The Contest was initiated to generate an awareness and understanding of peace among tomorrow's leaders, Morgan said.

He said the Contest would release the ideas of a cross section of the world's youth on the most pressing challenge facing the world today.

The Contest offers a grand prize of \$25,000 in the form of an educational and/or career assistance grant to the world winner. A total of \$50,000 in awards will be made. In addition to the \$25,000 first prize, eight world division semi-finalist prizes of \$1,000 each will be given and eight semi-finalists will also get travel expenses to Chicago, Illinois in July, 1967.

At that time, the first prize winner will be chosen from eight. Also more than 20,000 local, district, and multiple district awards will be made. The Benton Lions are awarding a \$50 Savings Bond to the local winner and a \$25 Bond to the runner-up. The Benton Lions winner will be advancing up the ladder toward the various regional and international prizes.

The Contest, announced at the 49th Annual Convention in New York, by President Edward M. Lindsey, of Lawrence, Tennessee is one of the highlights of the 50th Anniversary of the world's largest service club organization.

The world-wide contest, open to contestants sponsored by Lions of more than 20,000 clubs throughout the world, is the largest Peace Essay Contest in the world.

If successful at the multiple district level, the winner will advance to a

world division and an opportunity for the grand prize.

World divisional winners will receive \$1,000 and a trip to Chicago, for the Lions' 50th Anniversary Convention for the judging of the contest.

## Happy Birthday

## Fellow-Members Of The FAMILY OF GOD

Catholics and other Christians do not agree on some things. Other Christians don't always see eye to eye among themselves.

And it may seem that Christ's followers are a long way from unity in "one Lord, one faith, one baptism."

Yet today a new spirit of renewal and reunion pervades the whole Christian world. Catholics and Protestants... are looking not merely to what divides them, but to the divine heritage that makes them as one in the Family of God.

That common bond is described in the words of St. Paul: "... all you who have been baptized into Christ have put on Christ Jesus." Another Paul—the Pope of the Catholic Church, Paul VI—notes the differences among Christian bodies in doctrine, discipline and structure, but says: "... in spite of them, all who have been justified by faith in Baptism are members of Christ body..."

Moved by the Holy Spirit, Christians of all faiths are making giant strides toward unity through a historic movement called Ecumenism. This involves, on the one hand, the deliberations of the apostolic Church for its own renewal—for the "opening of its own windows"—through the Vatican Council. It also involves the quest of all-Christian faiths for the spiritual unity of Christ's followers through prayer, through dialogues, through the inspiration of the Holy Spirit.

The restoration of unity among all Christians is one of the principal concerns of the Vatican Council. For, as Pope Paul said, the division that exists "openly contradicts the will of Christ, scandalizes the world, and damages the holy cause of preaching the gospel to every creature." But in recent times, the Pope added, our Lord "has been rousing divided Christians to remorse over their divisions and to a longing for unity." Christians of all faiths, he said, are feeling the impulse of this grace and joining in the search for unity.

If you want to know... as every Christian should... the aims and hopes and promise of Ecumenism—if you would like to understand what the Ecumenical movement is all about... write today for our new pamphlet on the subject. It's pocket-size, can be read in a few minutes, and we'll send it free upon your request. No obligation—nobody will call on you. Write today... ask for Pamphlet No. KC-17.

A man expects a lot from his car. Good looks that are a constant source of pride. Performance that won't let him down. A quiet, authoritative ride. Integrity of workmanship. Unique features that add to the joy of driving. A car that pampers and protects the ones he loves. It takes a lot of car to satisfy a man. Mercury does it... 28 different ways!

**Introducing the all-new '67 Mercury... the Man's Car!**

Completely new! Mercury Marquis! A man's kind of luxury!

A man expects a lot from his car. This entirely new top-of-the-line Marquis gives it to him. Prime examples:

Unique Twin-Comfort Lounge Seats in front (plenty of legroom for him without disturbing her!). Marauder 410 V-8. New Super-Hush Ride. Power disc brakes up front, standard. And speed control, optional. And many more better-idea features.

## Ford Motor Company Lifeguard Design Safety Features!

On every 1967 Mercury you get as standard: ■ Dual hydraulic brake system with warning light ■ Deluxe front and rear seat belts with reminder light ■ Impact-absorbing steering wheel with deep-padded hub ■ Padded instrument panel ■ Padded sun visors ■ Padded windshield pillars ■ Double-yoke safety door latches ■ Remote control outside rear view mirror ■ Non-glare (Day/Night) inside mirror with flexible backing ■ Breakaway or double-pivot inside mirror arms ■ Windshield washers ■ Two-speed or variable-speed windshield wipers ■ Thick laminate safety plate glass windshield ■ Turn indicators with lane-changing signal feature ■ Positive door lock buttons ■ Backup lights ■ Self-adjusting brakes ■ 4-way emergency flasher

Totally new! Mercury Brougham! A man's kind of elegance!

A lot of better ideas for a man. That's Mercury Brougham. From its man-about-town styling to its Continental-type upholstery. Even its power says "Man's Car," with a Marauder 410 V-8. Choose, at no extra cost, either Select-Shift Merc-O-Matic or 4-speed manual. Choose the 4-door hardtop or the sedan (right) that offers a new slant on Breezeaway Ventilation. Power front disc brakes, too. A lot of car. Brougham!

Excitingly new! Mercury Cyclone! A man's kind of action!

The Cyclone shown, with GT Performance Group, is the Man's Car for the men who like their action big: every performance feature a man looks for. Including a 4-barrel Marauder 390 GT V-8; dual exhausts; heavy-duty handling gear: shocks, springs, stabilizer bar; power disc brakes up front—the works! Cyclone!

### Social Workers SES Department

The State Economic Security Department has immediate openings for 40 social workers to certify the eligibility of applicants for food stamps in the 22 new counties where the Federal-State program will soon be in effect.

Commissioner C. Leslie Dawson said 10 of the counties will begin taking applications through local assistance offices October 3. They are Clinton, Wayne, Russell, Casey, McCreary, Pulaski, Lincoln, Estill, Whitely, and Laurel counties.

Dawson said the social workers are needed first for those locations, because food stamps will be issued the first of November and training is already underway for existing staff members of the public assistance officers this month.

Miss Joy Hina of Murray spent last weekend with her grandparents, Mr. and Mrs. Earl Crowell, and daughter, Kay, in Lake City.

## Chapter No. 305 Meets Sept. 27

At a meeting of the Benton Chapter No. 305, O. E. S. held Tuesday, September 27, the following officers were elected for 1966-67: Mrs. Kada Cope, Worthy Matron; Bailey Spears, Worthy Patron; Mrs. Gania Rayburn, Associate Matron; Mrs. Joe Richardson, Associate Patron; Mrs. Mary Williams, Secretary; Mrs. Geneva Hatcher, Treasurer; Mrs. Norma Wyatt, Conductor; Mrs. Fannie McGregor, Associate Conductor.

Installation of officers will be held at the Masonic Hall in Benton on October 13.

## Increase, Golden Anniversaries

This appears to be the year of the Golden Anniversary. More than 160,000 American couples will share with President and Mrs. Dwight Eisenhower the pleasure of celebrating 50 years of marital togetherness. And, chances are that an increasing number of married folk will live to celebrate their 50th anniversary.

This happy news comes from Metropolitan Life Insurance Company statisticians who note that when Ike and Mamie were married the chances were only about one in six that a man aged 25 and a girl of 19 would both survive the next 50 years. Now, the chances are about one in three that both will survive to the Golden Anniversary.

The experts note that, alas, survival of couples a half century after marriage doesn't mean they will necessarily celebrate the anniversary together, divorce rates being what they are.

Nonetheless, advances in medicine have literally added years to our lives — including our married lives.

Mr. and Mrs. Bobbie Bannan, Route 3, Benton, spent last week in Sarasota, Florida.

Mr. and Mrs. Lowell A. Gough of Lexington, are the parents of a son, born August 26, and has been named John Jay Gough. They are the parents of a daughter, Mary Jan, who is in high school.

Mrs. Sylvia Owen of Normal, Ill., visited her aunt, Mrs. J. J. Gough and daughter Agnes, Benton Route 7, last week.

## Homemakers News

The Benton Homemakers Club met Tuesday, September 20, at 10:00 a. m. at the home of Mrs. Alice Cross. There were eight members and four guests present.

A most inspiring devotion taken from the 8th Psalm was given by Mrs. C. D. Clayton, her theme being "Giving Love and Glory to God."

The lesson for the day was given by Mrs. James Darnall. Plans for a Christmas Bazaar to be held December 3 were discussed. The club also discussed the area meeting to be held in Paducah on October 20.

Mrs. Charles Kissel invited the club members to the next meeting of the Hobby Club, of which Mrs. Kissel is the county chairman. The Hobby Club for this month is making flowers from beads.

Mrs. C. D. Clayton, who is leaving soon for Florida to spend the winter, was given a farewell gift by the Homemakers Club. A lovely pot luck meal was served at noon to the following:

Mrs. E. L. Cooper, Mrs. Jerry Bell, Mrs. Ruby Walker, Mrs. Gene Anderson, Mrs. James Darnall, Mrs. Willard Lubker, Mrs. Charles Kissel, Mrs. Charlie Cone, Mrs. May Shemwell, Mrs. C. C. Woodward and Mrs. E. L. Starks.

The next meeting will be October 17 at the home of Mrs. Willard Lubker.

Richard Rudolph, Bill Williams, and Jack Copeland, Benton, attended the Holiday On Ice last Sunday in Evansville, Indiana.

## Methodist Meets Jackson, Tenn.

Some 1,200 Methodist church leaders from West Tennessee and Western Kentucky will attend a missions convocation at Jackson, Tennessee, Friday, October 7, at the Tigrett Junior High School.

Four speakers will appear to describe the church's work in missions.

## Homemakers News

The Big Bear Homemakers Club met at Kenlake Hotel at noon Tuesday, September 20, and enjoyed a delicious lunch.

The meeting was called to order by Mrs. Mary Lee Hillis. A discussion was held about the December Bazaar and Christmas party to be held at the Barkley Boy's Camp at Gilbertsville.

Members attending were: Mesdames Mary Lee Hillis, Sally Devor, Betty Benckendorf, Imogene Jones, Mary Conkwright, Betty Inman, Helen Peebles.

Guest was Mrs. Charlene Woods. The next meeting will be held at the home of Mrs. Imogene Jones on October 12.

## Happy Birthday

Mrs. Curt Phillips, W. J. Myre, September 27; Carl McDaniel, September 29; Smith Dunn, October 2; Norma Lynn Hamilton, October 3.

Mr. and Mrs. Jimmie Smith and daughter, Jimmie Lou, Nashville, Tennessee, visited Mrs. Smith's parents, Mr. and Mrs. Ishmael Reed, on 20th Street, Benton.

## HEMLINES SOAR

Ladies' hemlines have bobbed up and down for years, but the long-term trend has been more up than down.

Today, the skirt has reached record altitudes — two, three even four inches above the knee. Some social historians suggest that the skirts may disappear altogether.

No Embarrassment: By the middle ages, men dressed in trousers without embarrassment. With the pants they wore a short tunic, often made of undyed woolen cloth. A cloak for cold weather completed the wardrobe. Women were about in long, shapeless dresses.

The shape of the dresses improved over the centuries, but in the early 1900's, a lady crossing a muddy street still had to gather up her skirts.

The rise of the skirt began innocently enough with a tunic-like overskirt in 1912. The novelty caught designers' attention, and three years later the overskirt had become the whole dress.

The hemline soared to the midcalf region, a truly daring height for the era. Shockingly, the ankle and a part of the "nether limb" were now on display.

The skirt climbed higher in the 1920's. By 1927 shy women complained that it was impossible to sit down without revealing at least a little of the knee. To the relief of many women, the hemline plunged in the 1930's, returning to the midcalf position whence it had started a decade and a half earlier.

But the skirt didn't stay down for long. By 1939 it had risen almost as high as

the early 1920's. The hemline stayed at knee length until 1947, when Paris couturier Christian Dior sent it crashing down again with his "New Look."

Four Inches Above Knee: In the 1950's the skirt crept up again with the sackdress. Instead of falling again in the 1960's, in the way of cycles, the skirt climbed to previously unscalped heights, sometimes four inches above the knee.

A new world has opened to make-up manufacturers. Cosmetics now dispense basic leg makeup in shades ranging from white to deep tan. Fashion artists specialize in painting fancy designs, like sunbursts or butterflies, on knees.

The flesh-toned sheer stocking a daring innovation when it appeared in 1925, but now standard apparel today must compete with stockings of many different colors and designs.

As the skirt shrinks, brightly colored tights increase in popularity. A modish young lady finds herself in clothing quite similar to the tunic and tights worn by young men at the time Columbus crossed the Atlantic.

## H'makers News

The Aurora Homemakers Club met Wednesday, September 21, in the home of Mrs. Elton Oakley with Mrs. Harrison Collins presiding over the meeting. The devotion was given by Mrs. Trena Oakley.

A potluck lunch was served at the noon hour.

Attending were: Mesdames Jerry Siris, Homer Morgan, Joe Hill, Grace Siris, Harrison Collins, Tommy Mathis, and one visitor, Mrs. Gary Oakley.

The next meeting will be Wednesday, October 19 at 10 a. m. in the home of Mrs. Tommy Mathis; lesson will be Handicraft.

## Homemakers News

The Marshall County Homemakers Council meeting was held at the home of the county president, Mrs. Elwood Lents, 1510 Walnut Street, on Monday, September 26. The business meeting was preceded by a coffee for the members.

Mrs. Dale Miller, county secretary, was in charge of roll call with twelve clubs being represented. Discussion was held on area training school and Christmas bazaar.

The council voted to sponsor the annual Christmas mailbox decoration contest again this year with a separate category for decorated doorways. Rules and judging dates will be announced at a later date.

The theme for the area meeting will be "Who Cares." It will be held Wednesday, October 19, at the Jaycee Civic Center in Paducah. Registration will begin at 9 a. m. with Ballard County Homemakers acting as the host county.

Luncheon reservation are to be made with Miss Sunshine Colley, home agent by October 11.

Mr. and Mrs. Mark Clayton have returned home, Benton Route 7, after spending two weeks vacationing in Daytona Beach, Florida.

## Peachie Desserts

by Betty Crocker

While peaches are in, let's make the most of them. Fresh peaches and cream for breakfast... peaches and curried cottage cheese for salads... peaches and berries for ice-cream topping. To prevent peeled peaches from turning brown, squeeze lemon juice over them. To serve these golden beauties extra fancy, look below at two incredibly easy but elegant desserts. One is for rich, cake-like waffles, crowned with peaches and sour cream-brown sugar topping. The other is a peachie shortcut to shortcake, made on a baking sheet. (No need to knead the dough.) Both are irresistible! Take them to a party — serve them in the family room. Everybody's in love with peaches.

ALMOND DESSERT WAFFLES	SHEET SHORTCAKE SHORTCUT
With Peaches and Sour Cream:	2 cups Bisquick
3 eggs, separated	2 tablespoons sugar, if desired
1 1/4 cups light cream	3/4 cup light cream (or 1/2 cup milk plus 1/4 cup melted butter)
1 teaspoon almond extract	2 tablespoons soft butter
2 cups Bisquick	2 tablespoons sugar
1 tablespoon sugar	1/4 teaspoon nutmeg
1/2 cup chopped toasted almonds	Fresh peaches
Fresh peaches	
Sour Cream Topping (below)	

Blend egg yolks, cream and almond. Stir in Bisquick and sugar until smooth. Beat egg whites until soft peaks form; fold into Bisquick mixture. Bake in heated waffle iron. Makes three 9-inch waffles. Serve warm, one square per person, topped with sweetened sliced peaches and Sour Cream Topping. Combine 1 cup dairy sour cream with 1/4 cup brown sugar. (Waffles can be frozen and reheated. Wrap in foil with waxed paper between layers. Reheat in toaster at lowest heat.)

Heat oven to 450°. Mix Bisquick, 2 tablespoons sugar and the cream with fork. Beat 20 strokes. Pat or roll dough on greased baking sheet into a rectangle, 12x8 inches. Spread with butter. Sprinkle with 2 tablespoons sugar and the nutmeg. Bake 10 to 15 minutes or until lightly browned. Cut in half crosswise. Stack the two pieces with sweetened fresh peaches (or frozen strawberries) in between. Top with more fruit and sweetened whipped cream. Serve warm. 6 servings. Say farewell to summer in the most delicious way. With peaches!

## 6,359 Register At Murray State

For the first time, more than 6,000 students have registered at Murray State University. Registrar Wilson Gantt said 6,359 had enrolled through last Friday, which was the first day of classes.

With late registration pos-

sible through September 23, Gantt said he expects enrollment to total about 6,500.

This year's figure has already topped the old record of 5,728, set last fall, and represents twice as many students as Murray State

had in 1960.

Ten years ago the University's enrollment was 2,309. Gantt said 6,359 had enrollment figures yet, but he estimated about

2,000 beginning freshmen are on campus.

Mr. and Mrs. C. T. Wyatt, Benton Route 5, Mrs. Bob McWaters and Solon Wyatt, both of Ben-

ton, attended the funeral of their sister, Mrs. Wilma Wyatt Rowland, on Monday, September 19, in Haxel Park, Michigan.

## PAINT . . . Protects wood and metal GOD'S WORD . . . Protects the soul

As paint protects wood and metal from decay, rust, and corrosion, so the promises found in God's word protect the soul from the evils of sin, anxiety and despair. Hear God's wonderful promises proclaimed from the pulpit in the church of your choice this Sunday. These promises so heard will accomplish wonderful things in your soul and heart, for God says of His Word, "It shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it." Isaiah 55:11.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Cherry Grove

by Miss Effie

Something new in old Cherry Grove: twin boys born to Mr. and Mrs. Johnny Riley at the Benton Hospital, Friday. Their names are James Luke and David Mark Riley.

This scribe had several calls Saturday telling about them. One report was they were identical twins, dark hair, round faces, couldn't tell them apart.

Our magistrate, Aaron

Ivey, says, "Eff, they can walk out of that hospital now, they are not incubator babies, their weight is five pounds and five and one-half pounds."

We have decided no one vicinity around here in Western Kentucky can top 'Cherry Grove' in any thing!

The cousin, Susie Reynolds, tells us Johnny walks out of the hospital this Monday morning with the twins in a basket carrying them home. Here is oodles of luck, children, from all

of us. We like their names, hope to see them soon.

Mrs. Nina Harper tells me a shower was given Mrs. Riley a few days back at the Church Grove Methodist Church by relatives, neighbors and friends for the new expected baby. Now, Nina says, "those bringing or sending gifts can just double their gifts for there must be two of everything instead of one."

We Grove folk talked about having pictures made of the twins with their dad holding them and using the pictures to head the Cherry Grove item this week.

But, it's too late, children, for this week's Tribune. Some day we will show the Tribune readers just how Cherry Grove twins look!

### Female Mosquito Number 1 Enemy

A fragile, long-legged female has persevered as public enemy number 1, undaunted by sprays, chemicals, and repellants, the female mosquito spreads more distress throughout the world than any other insect.

In Dallas, a recent invasion by the domestic culex mosquito touched off a wave of the dreaded encephalitis, or sleeping sickness. Air Force spray planes countered the enemy with insecticide.

A news report from South Viet Nam says a malaria mosquito there is proving more elusive and harder to defeat than the Viet Cong.

India's deadliest foe is a mosquito called anopheles. The United States has contributed more than 75 million dollars to mount an offensive against the tiny killers. Armed with powerful insecticides and modern spray equipment. An army of 150,000 men has launched an offensive against the malaria mosquito's breeding grounds.

Swamps, salt-water marshes, and receding flood waters are favorite breed-

ing places. Many species deposit their eggs in damp soil, but these will not hatch until covered with water.

Mosquito eggs need about two days to hatch into larvae, or "wigglers." The highly active, aquatic creatures must rise periodically to the surface to breathe. The wigglers eat minute plants and animals; their enemies include fish and aquatic insects.

After about a week, the larvae pass through the pupal stage and emerge as adults.

The female injects a saliva that breaks down the blood. This fluid not only causes the itch that accom-

### Sentry Collar Helps Dog Who Travels

It will come as no surprise to most dog owners to find that their pets are enthusiastic and inquisitive travelers. In fact, this very joie de vivre can sometimes have some rather annoying results. A weekend in the country, a day at the seashore and before you know it, you're both fighting one of the most insidious of summertime pests — the flea.

Now, a plastic dog collar containing an exclusive insecticide which kills fleas for at least three months promises to make summertime living easier for both vacationing and stay-at-home dogs and dog owners.

Called Sergeant's Sentry Collar, the unique formulation of the collar permits slow and continued release of an odorless vapor from the insecticide imbedded in the plastic. The Sentry Collar will kill fleas anywhere on the dog's body and also helps to prevent ticks, especially in the neck area.

The Sentry Collar is made of clear plastic to blend with the dog's natural coloring and is worn in addition to his regular lead collar. For maximum protection, the collar should not be removed, except when the dog is bathed.

Tested extensively at two leading universities and field-tested on dogs of various breeds in different parts of the country, the Sentry Collar has received the Good Housekeeping Seal of Approval and has been registered with the U. S. Department of Agriculture.

### Outdoor Tips

#### SHORT ROD

Tape your reel to the end section if a two-piece rod if you need a real short stick for close brush work or in a small ice shanty.

#### NO SLIP

Nail bottle caps to shoes if you have to have traction. Use small brads and you can pull them out easier when sure footed needs are past.

### People Pleaser—Apricot Chews

There's nothing more fun than a plate full of crunchy cookies that appears out of nowhere, when guests drop in. The trouble is, these heat-filled days no one wants to bake.

Why should you? Take Apricot Chews as a prime example. They are a marvelous combination of America's favorite foods — rich, fruit laden preserves—apricot flavored, in this case—butter, peanut butter and rice cereal.

The apricot preserves, which lend a genuine fresh-from-the-orchard flavor, are warmed and blended with the butter and peanut butter. The cereal is then gently stirred in. The mixture is packed into a pan and chilled, to be cut into squares and served when desired. Twisted or woven candy strings add a dainty and decorative top knot.

Sound like fun? You can bet it is. Apricot Chews are delicious, too. Try serving them to your teenagers and receive the unbiased approval of the In-crowd.

#### Apricot Chews

- 3/4 cup apricot preserves
- 1/2 cup peanut butter
- 2 tablespoons butter
- 4 cups crisp rice cereal

Heat together, stirring constantly, the preserves, peanut butter and butter until well blended. Stir in cereal. Pack into a buttered 8 x 5 x 2-inch pan. Chill until set. Cut into squares.

Note: Decorate top with braids made from candy strings.

### South Marshall REBEL CALL

Roger Perry Linda Berington

Hello out there. We're sending you our first column about South Marshall.

"We" are Linda Derington and Roger Perry. Our future columns will tell you about all the things happening at South in the year ahead.

We will be telling you about all our many activities, including the ball games, and special class and club projects, or trips, or maybe we'll just talk about the things that happen in the halls of South in a regular school day.

This year's cheerleaders were elected recently. The

president, Randy Wood; Secretary, Diane Johnson; Treasurer, Linda Wyatt; Reporters, Howard Scarborough, and Roger Perry.

Juniors: President, Jimmy Clapp; vice president, Bobby Brown; Secretary, Dianne Ross; Treasurer, Larry Jack Sirls; Reporters, Susanne Clark and David Sutherland.

Sophomores: President, Glen Thompson; vice president, Tommy Powell; Secretary, Karen Sireess; Reporter, Vicky McDermott.

Freshmen: President, Jeffery Smith; vice president, Laverne Jones; secretary, Dorinda Doorn; Treasurer, Mike Smith.

The Student Council Representatives are Patricia Swift and Russell Palmer. The seniors went to the Mid-South Fair at Memphis last Saturday.

Our work of the week is 'principal'. We're backing our new one Bill Cothran, all the way. The students of South Marshall would like to welcome the new teachers to the school. They are: Mrs. Marilyn Lovett, Mrs. Jean Ross, Mrs. Wanda Sandling, David Elliot, and Robert Thomas.

So long for now. Watch for our column next week.

Linda and Roger

### PINEAPPLE MAKES THE MUFFIN DELICIOUS

Pineapple Growers Association Photo

Everybody loves the muffin when it's sweet and sunny with golden pineapple. This special homemade quick bread is a delicious blend of oats, sour cream and brown sugar mixed with canned crushed pineapple. For moist eating quality and rich toasty flavor, it's one of the best muffins around. Serve them hot from the oven for breakfast, lunch or supper.

#### PINEAPPLE OATMEAL MUFFINS

- |                                       |                               |
|---------------------------------------|-------------------------------|
| 1 (8 3/4-ounce) can crushed pineapple | 1 teaspoon grated orange peel |
| 1 cup quick cooking oats              | 1 beaten egg                  |
| 1/2 cup dairy sour cream              | 1/4 cups sifted flour         |
| 1/2 cup soft shortening               | 1 teaspoon baking powder      |
| 1/2 cup brown sugar (packed)          | 1/2 teaspoon soda             |
|                                       | 1 teaspoon salt               |
- Combine undrained pineapple, oats and sour cream; let stand 15 minutes. Blend shortening with sugar and orange peel until fluffy. Beat in egg. Add flour resifted with baking powder, soda and salt alternately with pineapple mixture. Mix smooth after each addition. Spoon into greased muffin cups. Bake in hot oven (400 degrees F.) about 25 minutes. Makes 1 dozen large muffins.

### Banana Festival Beauty Contest Held Two Nights

A glittering array of 37 contestants from Alaska to Florida will vie for the title of "International Banana Festival Princess" at the fourth annual International Banana Festival in the twin cities of Fulton, Kentucky and South Fulton, Tennessee on Friday and Saturday nights, September 30 and October 1.

The 37 entries have accumulated a total of over 186 awards in their individual previous competitions, and will represent one of the most talented and dazzling array of beauty ever assembled in the midwest. Most of the contestants hold important titles in their respective areas, including Miss Missouri, the National Golf Queen, the South Carolina Peach Queen, the East Tennessee Strawberry Queen, and host of others.

The contestants will be greeted on opening night by Debbie Bryant, Miss

America of 1966 who will fly to Fulton from her studies at the University for a special appearance at the Pageant opening that night.

Presiding over the activities each evening will be beautiful Vicki Lynn Hurd of Kingsport, Tennessee, the reigning Festival Princess, who added the title of "Miss Tennessee" to her well stocked trophy case last August, and who placed Second runner-up in the Miss America Pageant at Atlantic City this month.

Alaska, Florida, Texas, North Carolina, South Carolina, Michigan, Missouri, Tennessee and Kentucky will be among the States represented in the Pageant competition. Two thousand dollars in scholarships are awarded the three top winners. A nationally known slate of five judges will score contestants.

Entries in Kentucky are as follows: Patricia Ann Johnson, 18, Benton; Pamela LaNette Mosley, 18, Benton; Regina Annette Pryor, 18, Leitchfield; Marie Elizabeth Ruddle, 18, Fulton; Judith Ann King, 18, Upton; Judy Karen Davidson, 17, Clinton; Margaret Ann Butts, 19, Murray; Jane Craig Fields, 19, Pikeville; Marilyn Ann Charlton, 19, Wingo; Mary Lou Banks, 20, Princeton.

## MANY MIGHTY BRAVES BURY NOSES IN ASH CANS

Untold millions of kids—some of them in their eighties and nineties—moan because the Yankees are sweating it out in the basement of the American League. They may cry inside themselves, but actually the thing is not too surprising. The answer is simple. The Jews bought the Yankees, if ninety per cent of them, and now they have purchased the other ten, not so long ago and now we are getting the usual Jew quality for our money.

Allie, Mighty Chief, we share your sorrow.

A few years ago a big, horn-tootin' Texas Jew blew off at a Hebe party that he, personally, had spent over four hundred million dollars, count 'em, to Jerusalem for its development. Now, this from one measly little lid. How many of our waning bucks do you suppose they are pouring over there?

Coincidentally with the heart-breaking fall of the beloved Yankees and their humiliation there was a broadcast this week of the wonders that are being worked in the improvement of Jerusalem. This broadcast neglected to mention that American suckers are putting on the party. What the Jews have done to the Yankees is in front of us. How much we are being robbed is problematical. No other country in the world would stand still for this kind of milking.

## Fall Treated Plant Beds Pay Dividends

Fall treated plant beds bring dividends the next spring, says Ira Massie, U. K. Cooperative Extension service tobacco specialist.

The job (treating sites for weed control) will be out of the way, he says. And fall treatment is as effective as spring treatment.

(1) Use a fertile, well drained area entirely free from shade. (2) Plow the bed at least two weeks before treatment, earlier if possible, to eliminate air pockets and bring weed seed to the surface. (3) Work the bed according to the sterilization method you'll use, for burning knock the top off the dirt turned up; for drenches or chemicals, make a thorough seed bed and break up clods.

Soil temperature should be at least 50 degrees F. for any method. Be sure soil is dry enough to work.

### Weekend Guest (Or Pest)

As living quarters shrink, they squeeze out that delightful custom of The Weekend Guest. Yet, many people who have the space haven't the savoir faire; they think it's a real project—when actually a good guest stirs few waves and jumps right into the family swim.

The first duty of the hostess is to see that the guest room is well-appointed with thoughtful extras: light reading material, additional linens and pillows, cigarettes and candy. Not everyone brings bedclothes so provide some—as well as little rattan slippers from the five-and-dime, and new toothbrushes and combs.

Be prepared for personal idiosyncrasies. If a guest must have tepid water with avocado juice, try to accommodate his whim. Be sure, too, to prepare a bedtime snack of fruits, cheese-and-crackers, and a chilled pitcher of Pepsi-Cola; this will keep him from foraging in the kitchen late at night.

Guests, too, have duties; the hostess gift, for one. A candy box or bunch of flowers is a pretty lean offering. But a set of hostess towels—they make such beautiful paper towels now, if you can't afford linens—an unusual-den antique, or an assortment of exotic jams is more like it. If breakfast is at 10, a guest must make a showing, even if he's a sleep-till-nooner. And since many a warm friendship has vanished with the sight of rumpled pajamas, a guest should always be dressed although the hostess may appear in an attractive morning coat.

You never really know anyone till you've "lived" with them and some guests can be pests. In that case, as the saying goes, they will have been invited twice—once and never again!

GO TO CHURCH SUNDAY

### N. Church Grove

by Mary Green

It's one of those days again—the big blue sky is empty and the oak leaves barely rustle and a few lazy bees buzz—dawn is three hours old, the morning is still. Last night's cobwebs still hang like strings and strings of diamonds on the trees and bushes. Somewhere a bobolink sings his fan-fare, maybe he will go eat lunch with the pet coons caged out here under the apple tree, they are three sturdy fellows and their favorite 'chow' is grape jelly.

I don't cater to the coons, much. Masterful Doug and New Boss see to their welfare. This 'N' that—

My red roses go out to my dear little neighbor, Susie Brien, who is very ill at Western Baptist Hospital and to Susie must share them with Mr. and Mrs. Loyd Reeves at the Benton Hospital, also Mrs. Levi Bourland, Ted Tadlock and Ivan Jones.

My heart felt sympathy to the Lee Davis family, due to their son's death, and to the Robert Dees family who lost their mother, Mrs. Edna Dees, to the Joe Wayne Mathis family, my best, over that new son's arrival, Master John Edward, who was born September 17. Yes, Master John, we have been expecting you here on 21st Street for some time, but we kinda put in an order for a little 'Miss Mathis' but you are cute 'n' sweet and cuddly as you can be. I love folding your wardrobe as your

daddy irons, and your pretty little mother watches color TV!

I find myself shirking my responsibility at the A. K. Hathers' for keeps of you and I am thinking you are mighty welcome to this new universe, here. My best to the John Rileys on their twins' arrival, Master Mark and Luke.

It's been birthdays for Billy Harrison Hunt, David Wyatt, Dale Northcott, Jas. F. Andrus of Hardin, Lisa Maupin, Cousin Maude Philly, Jimmie H. Johnson, and wedding anniversary to the Alva Greens.

The week end at the Will Draffens' was restful and sweet, supper at the Fred Hunts' was likewise.

September is alive with nostalgia of the past, and her lantern moons, but she too soon will be past and we stand on the brink of greeting Mrs. October.

Time flies by, 'tis nice to run into our nice little town with one of the daughters-in-law, 'Dot' or Daughtry, rather a little Wally—

to say hello to Audia Rudd Jones, to Ernestine White, the friendly clerks in the stores, to Hil-da Hiett, and millions of others. To wave at Helen H. Edwards as she drives through the traffic, to watch the school kids parade down the hill, to hear my two fine friends, Clay Warren and Billy Clark Jr., to be chosen class favorites in their rooms, for Deena Framel to poke her pretty little head out the next door and say "I'm better", to meet the nice new neighbors, Mrs. Henson, who have moved in their new

home in Parkview, to chat with S. K. Gray via phone, and Esther, likewise, and Nerva Halkom calls and 'blesses' me out for my untimely neglect, for Pearl Bolton to call also, and a Mrs. Andrus of Hardin says she reads these attempts.

Linn and Harold say I never mention their names any more, well, you don't clean up the papers around my door any more—your pups drag up.

Distant thunder rolls in the west. Margaret Redden called to see if I wanted to drive down Paducah way and see about Susie; might as well, isn't a day fit for washing, and my left foot has been itching, so, might as well.

"So, God, give me eyes that will always see, little things that need be."

## State Police To Give Tests At Local Barracks

Kentucky State Police Director, James E. Bassett, today announced that young men wishing to become State Troopers will no longer have to make the trip to Frankfort to take the necessary tests. Testing of potential troopers is now being done on the local level at the local State Police Barracks.

Bassett said, "We were authorized to employ one hundred new troopers by the 1966 General Assembly. We feel that many young men have not shown interest in becoming State Policemen because of the barriers erected by us. The distance and time involved in traveling to Frankfort, we feel, is discouraging to many; therefore, we are sending a recruiting team to each post hoping to contact young men who want the action and the challenge of a career in modern day law enforcement."

He further stated that no requirements were being lowered, but that the contact between the young man wanting to become a State Trooper and the State Po-

lice would become much easier with the hoped for result being more applicants.

These examinations are to qualify personnel for a cadet class soon to begin at the State Police Training Academy in Frankfort, Kentucky.

The State Police list these qualifications for trooper candidate:

- \* United States citizen
- \* Residency in the State of Kentucky
- \* Minimum age 21 to maximum age 31
- \* Minimum height 5 ft. 9 1/2 in. and minimum weight of 150 pounds.
- \* Graduate from high school or possession of an equivalent education.

Applicants must also pass physical agility and character examinations and have a valid Kentucky Operator's License.

Successful applicants will be employed immediately and after graduation from Cadet School, will be placed at the various posts across the State.

## Curing Tips On Tobacco By UK

When the tobacco crop is in the barn, improve quantity by careful curing.

Weather changes are a risk to proper curing, says Ira Masie, U. K. Cooperative Extension service specialist. The grower should seek the best possible conditions inside the barn.

Some reminders: (1) Best temperatures: Between 60 to 90 degrees F in the barn, and about 65 to 70 per cent relative humidity (moisture content of the air).

(2) Open side ventilators when air outside the barn is drier than that inside. Close

them when outside air is wetter.

(3) If tobacco gets 'in case' (relatively moist and soft to the touch), supplemental heat may be needed. Use coke, or natural or propane gas, to prevent houseburn. Houseburn loses growers many thousands of dollars in sale price each year.

## Servicemen Given Consideration On Income Taxes

Wives of servicemen in Viet Nam will not have tax refunds delayed because of a missing signature on joint returns, the Internal Revenue Service said today.

Contrary to implications in recent press reports of difficulty encountered by the wife of an American POW in Viet Nam, it is Internal Revenue's policy and practice to give special consideration to military personnel and their families.

On Federal income tax return, the wife of overseas servicemen has only to indicate in the space provided for her husband's signature that he is in the military service in Viet Nam and the return will be processed. Refunds due on these returns will be expedited.

Servicemen in Viet Nam have an automatic extension of time for filing Federal income tax returns. The due date for returns is postponed for the period of service in Viet Nam plus 180 days. No penalty or interest is charged on returns filed in the 180 day period.

The Revenue Service frequently cannot determine from its records that a taxpayer is serving in Viet Nam. If the wife of a Viet Nam veteran received a bill, notice, or inquiry from Internal Revenue, she has only to contact the nearest IRS office to be afforded every possible con-

sideration and assistance in tax matters.

## Service Notes

Machinist's Mate Third Class William R. Johnson USN, son of Mr. and Mrs. Lee R. Johnson of Route 7, Benton, has returned to Long Beach, Calif., after a six-month western Pacific deployment aboard the amphibious assault carrier USS Princeton.

As flagship of Seventh Fleet's Amphibious ready group, Princeton spent most of her time in the coastal waters of Viet Nam, participating in the six

major operations.

Starting with the highly successful Operation Jackstay at the mouth of the Saigon River and concluding with Operation Hastings just south of the Demilitarized Zone at the 17th Parallel, Princeton has been in almost continuous action since her departure from Long Beach in February.

## FRIDAY -- SATURDAY

SEPTEMBER 30 — OCTOBER 1

Ford Thunderbird brings a new dimension to the field of personal luxury car transportation with the introduction of its 1967 product line which includes this 4-door Landau model. All Thunderbird models present a markedly changed yet unmistakably Thunderbird look with a thrusting, long hood line, shorter rear-deck and recessed air-scoop type intake grille. The 2 and 4-door Landau models feature vinyl-covered roofs and the traditional S-bar on roof quarter panels. The two Landau models plus the 2-door Hardtop have ventless side windows and headlights located in the grille sides that are covered by matching doors which retract when the light switch is actuated.

Lophus Hiatt, Owner, and Volney Brien, General Manager, and the entire staff invite you to come in and see . .

Featuring new sheet metal for the first time since its introduction in April of 1964, the Mustang for 1967 is sportier in appearance and livelier than ever before. The 2+2 Fastback model (above) has a new roof line and concave rear panel while the convertible (below) illustrates the thrusting new hood line and deeply inset grille. All Mustangs for 1967 have two-inch wider front and rear tread for improved handling. Options for 1967 include a 320-horsepower, 390 CID V-8 engine and Select Shift Cruise-O-Matic transmission for manual or automatic gear shifting.

Styling changes for the 1967 Fairlane, which was completely redesigned for 1966, include taillights divided by back-up lights as shown on the Fairlane X/L Hardtop above and a dramatic new grille treatment as illustrated on the Fairlane 500 4-door Sedan below. Interior styling is new as well with color-coordinated, cloth-and-vinyl combinations. Fairlane models go on display at Ford dealer showrooms Friday, Sept. 30.

### Fishing In Fall, Winter Is Good

Fishermen who store their tackle away during fall and winter months are missing out on some of the finest fishing of the year. Many fishermen even consider the mild autumn and winter periods as good for taking bass as are spring days.

Favoring the fishermen in cold weather is the sharp decline of boating activity, leaving the waterways almost exclusively to them.

Time was when winter fishing was almost impossible but now manufacturers of outdoor wearing apparel are producing excellent clothing for keeping one dry and warm. Also, heating stoves and other warming devices suitable for use in boats are now available. With warm clothing and heating elements, weather is not now the great problem it once was.

Fall and winter bass feed some time during the day. The trick is to find them when they are on the prowl for food. Shallow to medium deep running lures and bottom running baits that creep and crawl along the contour of the lake bottom are most preferred.

One last word of warning: Be sure to have warm, comfortable clothing and plenty of persistence if you plan to fish in cold weather.

### Modern Home Plans On Display At Murray State

An exhibition of 70 photo and text panels devoted to houses of this century will be on display until October 1 in the Mary Ed McCoy Hall Gallery of Murray State University.

The gallery is located in the Price Doyle Fine Arts Building.

Titled "The Twentieth-Century House," the exhibition was prepared by the department of architecture and designed at the Museum of Modern Art in New York.

Miss Clara Eagle, head of the division of art at Murray State, said the exhibition is one of the "most outstanding" to be presented during this school year.

The show is divided into two broad categories: "Houses Determined by Idea" and "Houses Determined by Location."

Among the houses shown in the first section are those dominated by vertical or horizontal planes or built around a court. The second section includes houses in extreme climates, those built near water and those in wooded areas.

The designs of many noted architects are shown.

Sap descends as well as ascends in trees. Descending sap takes nutrition from the leaves to the roots.

If you are at the scene of an accident, do not move the injured. Do not permit the injured to walk about. Moving injured people may hurt them seriously. Call an ambulance and the appropriate city, county, or state law enforcement agency. Until help arrives, make the injured as comfortable as you can while keeping them quiet.

### OVER THE HILL

I spent some time at the beach today; the water was really prime. Most of the folks came to swim, and were having a real good time. There were a few who never got wet, just there to give others a treat. In a Catalina, or Jansen suit, immaculately groomed from head to feet. Hairy chests that would shame King Kong, muscled like models in Sears. I must admit I regretted a bit, my physique is showing its years. Beautiful girls are always a treat, I look more at their faces now. I've seen so many legs the last few years, I'd sooner look at a cow.

Tabulation of ballots for election of community committeemen was completed on September 26 by the county committee. Committeemen elected in each community are as follows: Community A, chairman, Charles York; vice chairman, K. L. Warren, and regular member, Lonnie Nimmo; Community B, chairman, Otto Franklin, vice chairman, Elworth Newton, and regular member, Roy Vasseur; Community C, chairman, Lex Riley, vice chairman, Guy Blakney, and regular member, J. Elmer Dawes; Community D, chairman, James H. Gibson, vice chairman, James Hamlet, and regular member, Clarence Thompson; Community E, chairman, Harl Usery, vice chairman, Clifford Houser, and regular member, Clatus Copeland.

These men will help the county committee administer the Farm Program in Marshall County during 1967. They will also, by virtue of their election become delegates to the county conservation to be held at the ASCS Office on Friday, September 30, 10:00 a. m., at which time they will elect men to fill vacancies on the county committee, and will determine the chairman vice chairman and regular member of the county committee. This meeting is open to all interested persons regardless of race, creed, color or National origin.

Programs administered by these committeemen are the Agricultural Conservation or cost share program, acreage allotment and marketing quota, including tobacco, wheat and cotton in Marshall County. Price support program, including Feed Grain and Wheat Di-

INFORMATION FOR TRAVELERS—Autumn is a popular time to vacation in Kentucky, and during this season Kentucky welcomes more and more travelers every year. The more travelers, the more questions—people in an unfamiliar land just naturally want to know a lot of things. But Springfield is prepared for questions with this tourist information booth, built by the Chamber of Commerce. Half of the money to build the log building came from the State Department of Public Information's travel advertising matching fund. Studying travel literature are some vacationers from Marion, Ind.: Mrs. Jean Beckman (right) and her son and daughter, Bill and Burtie.
